
Extraordinary Lives:

The Story of Phenomenal Women

Who is she? She has been on your side at critical moments of your life. She has gone a long way in making you who you are.

Why does she mean the world to you? You treasure her resilience, her calmness, her passion, her sacrifice, her love, her strength, her determination, her laughter and her presence. If you told her story, it would inspire humanity for generations to come.

Then tell her story. We are publishing a coffee table book titled 'Extraordinary Lives: The Story of Phenomenal Women', which is a powerful collection of exceptional women's narratives.

The funds raised from this innovative venture will go a long way towards providing for women and girls across Africa so that they too can achieve their dreams. Secure your space in this book and honour the woman whose story should be heard across the globe. Give her a place in history to inspire another woman, another girl who needs to believe she is extraordinary.

What you need to do: Name the woman you want to honour and celebrate. Purchase a page for \$50 and tell us her narrative in your words. Share with us a photo of her, whether small

or big, coloured or black and white, solo picture or group picture, old picture or new picture.

What we will do: Take your story, publish it in a beautiful collection that is sure to be retold, gift you a copy of the life-changing book, a permanent tribute to the extraordinary woman in your life.
