

## 1<sup>ST</sup> FEMINIST REPUBLIK FESTIVAL - 2019

Womn's Human Rights Defenders (WHRDs) have continuously operated under contexts of varying degrees of violent political repression, surveillance, attacks, and threats. Realising the urgent need to harness the learning, experiences and expertise of diverse actors and stakeholders, the Feminist Republik Festival was established as a dedicated platform focused on supporting WHRDs. The 1st Feminist Republik Festival co-created the platform and imagined an authentic, love-filled, daring and innovative space for soul restoration, healing, holding, resting, affirmation and celebration.
